

Swiss Sweat Science & Technology Symposium

7th - 8th June 2022
Lausanne, Switzerland

Swiss Sweat Science & Technology Symposium

This 2-day symposium on June 7th & 8th 2022 in CHUV, Lausanne, aims to provide a forum to share and discuss research results on areas in sweat physiology, novel sweat sensing technology and

applications, smart sensor bio-signal processing, simulation and modeling.

This interdisciplinary symposium brings together participants from academia and the industry to discuss various topics in wearable technologies for sweat analysis.

The program will include keynote and invited talks from experts in the following areas:

- Sweat physiology
- Sweat sensing technologies
- Data processing from sweat sensors
- Applications of sweat analysis technologies

We invite poster submissions in these areas.

Deadline for abstract submission: May 1st, 2022

Registration deadline: May 15th, 2022
