PRIX LEENAARDS 2017

Guidelines for submission of letter of intent

[www. Leenaards.ch](http://www.leenaards.ch)

1. Letter of Intent (pdf format)

Format: the letter of Intent will be written in Arial Font, Size 11, single-spaced, margins of 1.5 cm on all sides.
Length: Maximally 4 pages including the most important references pertaining to the project.

The Letter of Intent should highlight the general importance of the project, provide a summary of the research plan and argue about the importance of the collaborations and the specific roles of the primary investigators and the co-investigators in the project. Also, the authors may argue about the instruments engaged to foster interactions among the participants.

2. Application form

The application form will provide personal information pertaining to the Primary Investigator and maximally 2-Co-investigators (more than 3 investigators/co-investigators only if more than 3 institutions involved). The application form is available in electronic format, directly via our online application system (www.leenaards.ch).

3. CV's (pdf format)

Short curricula vitae (CV) of the Primary Investigators and Co-investigators will be submitted. The CV's will have a maximal length of 4 pages each, including a list of the 10 personal references considered the most important. No additional reference list should be submitted. Please, refrain from providing bibliometric data.

Please, submit documents 1 – 3 as separate files
