

**28 September 2018 at 16h**  
**CHANGE OF ROOM**  
Please note the seminar has moved to  
the Swiss Tech Convention Center – Salle Garden 1ABC

# NANO-MICRO IMAGING

COMMONALITIES/COMPLEMENTARITIES OF  
ELECTRON AND FLUORESCENCE  
(SUPER-RESOLUTION) MICROSCOPIES

**Chair:** Professor Michaël Unser – *Biomedical Imaging Laboratory, EPFL*

## Program

- 16:00 Introduction by Professor Jacques Dubochet**  
Nobel Laureate and Honorary Professor – *University of Lausanne*
- 16:15 Structural analysis of Parkinson's disease by cryo-transmission electron microscopy**  
Professor Henning Stahlberg – *Biozentrum, University of Basel*
- 17:00 Unraveling the ultrastructure of macromolecules using ultrastructural expansion microscopy**  
Professor Paul Guichard – *University of Geneva*
- 17:45 Apéritif**
