

17 April, BC 420

## Program

- 8:30-9:00 welcome coffee
- 9:00-9:30 **General Assembly of CIME**  
Aleksandra Radenovic/ Marco Cantoni  
usage statistics, update on equipment and methods
- 09:30-10:15 **Metallic nanoparticles: their formation in liquid phase and their behavior in catalytic systems**  
Prof. Rolf Erni, EMPA Dübendorf  
Electron Microscopy Center
- 10:15-10:45 Coffee
- 10:45-11:15 **Photonic Microresonators Enable Continuous PINEM and Ultra-High Precise Method for Calibrating EELS Spectrometers**  
Dr. Thomas Lagrange, SB-IPHYS-LUMES
- 11:15-11:35 **EPFL Center for Imaging**  
Edward Ando, EPFL Center for Imaging
- 11:35-11:50 **U-transformation by magnetite**  
Dr. Barbora Bartova, ENAC-IIE-EML
- 11:50-12:05 **Tri-layer graphene as membrane and electrode for liquid-phase electron microscopy studies of CO<sub>2</sub> electroreduction nanocatalysts**  
Saltanat Toleukhanova, STI-IMX-INE
- 12:00-13:30 standing lunch and poster session
- 13:30-13:50 **Entering a new era for EELS with a Continuum-K3 spectrometer**  
Dr. Duncan Alexander, SB-IPHYS-LSME
- 13:50-14:35 contributed talk 1 (12+3 min)  
  
contributed talk 2  
  
contributed talk 3
- 14:35-14:45 Announcement of best posters

**6. April:** Deadline for registration for poster session (contest for contributed talk based on abstract), participation and lunch

**10. April:** deadline for participation and lunch (no poster) and "late" poster (not eligible for talk) for poster abstract: [template on our website](#)

Registration: e-mail with "registration" in the subject to: [christine.kupper@epfl.ch](mailto:christine.kupper@epfl.ch)
