

## ***How To Implement Gender In The Medical Curriculum***

**Workshop with Prof. Dr. Vera Regitz-Zagrosek from Charité Berlin**

**Monday, November 18th 2019 14.15-17.00 followed by Apéro**

Prof. Dr. Vera Regitz-Zagrosek from the Charité Berlin, founder of the Institute for Gender in Medicine (GiM), is currently visiting professor at the Faculty of Medicine at the University of Zurich. She will give a short overview over the current curriculum on Gender in Medicine at the Charité Berlin and will discuss the following question with participants: How and with what content could the gender topic be integrated into the BA and MA curricula for basic medical training in Switzerland?

The workshop is open to persons responsible for study programmes and gender equality, to gender researchers and other interested parties from all universities in Switzerland.

Location: Haus der Universität, Schösslistrasse 5, Bern. [Location map](#)

Registration until 15 October 2019 at [lilian.fankhauser@afg.unibe.ch](mailto:lilian.fankhauser@afg.unibe.ch)
