Dear all,
I am glad to inform you that the registration to the LIMNA Symposium on October 29, 2019 at the Olympic Museum, Lausanne is now open!

The LIMNA symposium on **Emerging Topics and Technologies in Metabolism** will gather speakers using “next-generation” approaches (systems genetics, omic, computation) to study metabolism-related processes and tissues.

**Confirmed speakers:**

- **Karine Clément**, Sorbonne Université, Paris, France
- **Jorge Ferrer**, Centre for Genomic regulation (CRG), Barcelona, Spain
- **Arvand Haschemi**, Medical University of Vienna, Austria
- **Zoltan Kutalik**, University of Lausanne, Switzerland
- **Susanne Mandrup**, University of Southern Denmark, Odense, Denmark
- **Samuel Nobs**, Weizmann Institute of Science, Rehovot, Israel
- **Ganna Panasyuk**, Necker Enfants Malades Institute (INEM), Paris, France

*Short talks will be selected from submitted abstracts.*

**Registration is now open!**

**Deadline for abstract submission:** 01.09.2019  
**Deadline for registration only:** 01.10.2019

Participation will be likely recognized by the Federation of Swiss Cantonal Veterinary Officiers as a half day of ongoing training.

**Organizing committee:** Prof. Francesca Amati, Prof. Carles Canto, Prof. Roberto Coppari, Prof. Bart Deplancke, Prof. Lluis Fajas, Prof. Nelly Pitteloud, Prof. Bernard Thorens, Prof. Kei Sakamoto, Prof. Kristina Schoonjans and Dr. Marta Bellone

With the kind support of the **Fondation Rolf Gaillard pour la recherche en endocrinologie, diabétologie et métabolisme**
